

WENT THROUGH THE CAR WINDOW

Chicago Automobile Thief Escapes From Windy City Detective in Montana.

MISCREANT SHOWS NERVE

SENSATIONAL STORIES OF ESCAPE ON THE COAST.

Chicago, Aug. 14.—Ernest Dieder, wanted in Chicago for the theft of a \$4,000 automobile, escaped from a detective last night near Big Timber, Mont., by jumping from a window of a Pullman car.

This information was received here today in a telegram to the police department from Detective Kinney, who was bringing the prisoner back from Portland, Ore. Dieder was originally arrested two months ago, but was admitted to bail in Portland, whereupon, it is alleged, he promptly broke into the garage where the stolen car had been stored by the police and stole it a second time. Four days ago he was again arrested, this time at Chehalis, Wash. He had disposed of the machine.

Detective Kinney had left his seat for a minute when he heard the sound of a window being opened, and turned just in time to see his prisoner disappearing through it.

The train was stopped and backed up, but no trace of the fugitive was found.

Dieder's Escape.

Tacoma, Wash., Aug. 14.—Ernest Dieder, who according to news from Chicago, jumped from a train in Montana while in custody of an officer, was captured near Tacoma a few days ago after an automobile chase of many miles. It is alleged that he stole an automobile in Chicago, ran it to a point in Wisconsin and then shipped it to Portland, Ore. There he is said to have sold it for a nominal sum and later stole it from the buyer. He was captured by the police and made a daring escape while being taken to the police station by darting into a doorway, up stairs to the roof, and then jumping to the ground. He immediately returned to the automobile, which he drove past the police station at breakneck speed, shouting defiance to the officers, who fired several shots at him. He drove like the wind across country to Seattle, with the Portland owner of the machine in full pursuit. Reaching Seattle, Dieder turned back southward and was overtaken. He is now in custody of the most daring men with which the western officers have had to meet.

Butte Police Notified.

Butte, Mont., Aug. 14.—At a late hour Dieder had not been captured. His description has been wired to Butte and the local police are on the watch for him.

CAUSED GREAT ALARM.

Volcanic Eruption or Forest Fire in the Vicinity of Mina, Nev.

Reno, Nev., Aug. 14.—Reports were received at the dispatcher's office at Sparks late last night from Mina, Nev., that the residents of that little desert town were greatly perturbed over what they thought to be a volcanic eruption close by. Shortly before 3:30 o'clock, the town became deeply wrapped in a heavy pall of smoke with a strong odor of sulphur. The smoke continued until after midnight, when a strong wind dispersed it.

An investigating party will be sent out to determine whether it was the result of a forest fire or from a fissure in the earth.

ISRAEL ABOUT TO BE GATHERED

Kingdom of Heaven Church of the First Born Incorporated in Chicago.

Chicago, Aug. 14.—"Doubt and be damned" is the battle cry of a new religion, according to Mrs. Jennie Blakely of 73 West Sixty-third street, who with her husband, Albert Blakely, is promoting it, and who, together, comprise the "Kingdom of Heaven Church of the First Born." The people claim to have received a divine manifestation from out of the clouds fifteen years ago this coming 24th day of August, and they declare that it will befall any one who discusses it before its fifteenth anniversary.

Blakely is a carpenter and has been a close student of the Bible for a long time. He and his wife were formerly members of the Latter-day Saints church, and expect a large following from that creed and among the Jews.

Church Incorporated.

They filed their charter of incorporation in the county recorder's office yesterday, and while it indicates that nine persons participated in the organization of the church, Mrs. Blakely acknowledged that she and her husband are really the only ones who "acted," and that the others were merely "present."

Blakely is named in the papers on file as "ruler" and his wife as secretary, and the claim is made that the Almighty elected them. The objects of the church are given as follows:

To rule and refine; to redeem sin; to set up the heavenly sanctuary; to bind up the testimony and seal the law; to work after the spiritual order of God in all divine ordinances; to establish apostles, prophets, evangelists, pastors and teachers with fundamental principles; to gather in all Israel.

COULDN'T MAKE ALTERTON PAY

Creditors of Railroad Scheme Which Fell Through Compelled to Pocket Losses.

Santa Fe, N. M., Aug. 14.—In the matter of the Mexican Southeastern Railroad company receivership, pending in court here for more than ten years, Judge John R. McPe today approved the final report of the receiver, Henry W. Leman, discharged the receiver and canceled his bond.

The Mexican Southeastern Railroad company was organized in 1896 in New Mexico, with a capital of \$10,000,000, to build a road in Mexico from San Gerónimo to Guatemala as a part of the proposed intercontinental railroad system. The Spanish-American war came on, the company could not sell its bonds and its construction from the Mexican government became forfeited, but a large amount of construction had involved the company in over a million dollars of net liabilities.

Many Suits Resulted.

Samuel W. Allerton, the well known capitalist of Chicago, was treasurer of the company and a large stockholder. Various test suits were brought against Allerton and practically all the litigation was the result of an organized effort to make him pay all the company's liabilities. The case has been bitterly fought on both sides. In his exhaustive final report the receiver regrettably informs the court that if they had been successful in the contests with Allerton he would have enough assets in his hands to pay all the creditors in full.

A. W. Washburn of Chicago, Mr. Allerton's lawyer, who has conducted the defense in all this litigation, stated here today that the discharge of the receiver ended the whole matter.

FOR STREET CAR EMPLOYEES

New Apartment House at Sixth South and Sixth East Will Be Especially Convenient.

The property at the corner of Sixth South and Sixth East streets, known as "Rock Row," was yesterday purchased by Dr. John Keith for the California Bungalow company, the consideration being \$8,000. It is the intention of the bungalow company to erect a modern three-story-and-a-half apartment house upon a portion of the property before the end of the summer.

The apartment house will be 50x150 feet and will contain sixty apartments. All the modern space-saving devices known will be employed in the building, it being the intention of the company to construct apartments which will give a small family a living room, dining room, kitchen and bath at a moderate rent rate.

The building will be steam heated and lighted with electricity. The apartments are specially designed for occupancy by the employees of the Utah Light & Railway company, whose new barns and car sheds are just across the street from the site of the new apartment.

OHMSTEAD IS HELD.

Man Who Impersonated Naval Officer Bound Over.

Percy J. Ohmstead, the man who has been representing himself as a naval recruiting officer throughout the country, and finally arrested by the United States marshal, had a hearing before United States Commissioner Charles Baldwin yesterday afternoon and was bound over to await the action of the federal grand jury, which meets on the first Monday in November.

Ohmstead's bonds were fixed at \$2,000. Being unable to furnish bail, he was sent to jail. Notwithstanding reports to the contrary, the United States district office knows nothing of the previous record of Ohmstead, and the story that he was an old offender and had done time before is discredited by the federal authorities.

H. Dinwoodey Furniture Co.

The balloon owned by Captain Lovelace of the New York Aero club.

Preparations for an ascent were being made when the accident occurred. The cause is supposed to have been the throwing down of a lighted match.

Miss Hill, aged 28, secretary to Captain Lovelace, was one of the persons killed. She was burned to a cinder.

The other person killed, a man, and the six men who sustained injuries also were employed by Captain Lovelace.
